Tuesday, March 30, 2021

Attendees: James Setliff
Courtney Hill
Christopher Lebovitz
Kacheef White
Charles Young

Items Discussed and Decisions Made:
- Weekly "Stand-up"
  - Chris: Routing workaround "Add Task" on navigation pane, will figure out how to allow access to delete already created task
  - Courtney: Finished color scheme, looking at React Drag and Drop to manipulate task cards
  - James: Dynamically rendered columns and tasks, wrote remaining server scripts, wrote remaining client side db scripts, met with team members
  - Kacheef: Finalized database schema and table designs, standing by to assist with further scripting if necessary
  - Charles: File I/O done, will create Test Documentation and coordinate test plan

Action Items:
- Testing begins as soon as the test document is ready.
- Will copy semi-final project to TEST asap.
