Opflow - DevOP Meeting Minutes
Tuesday, February 2, 2021

Attendees: James Setliff
                      Courtney Hill
                      Christopher Lebovitz
                      Kacheef White
                      Charles Young

Items Discussed and Decisions Made:
- Weekly "Stand-up"
  - Chris: Base layout complete, focusing on chat layout
  - Courtney: Base layout complete, working on dynamically adding columns
  - James: working on chat client/server, determining fields/records for database
  - Kacheef: working on Nodejs/DB integration, building out the database
  - Charles: Introduction, will get up to speed on project/timeline

Action Items:
- Populate database fields (!Important!) – hand off to Kacheef once you figure it out
- Prep requirements for next meeting – Design Requirements document
- Get Master branch populated with a baseline – Chris has already started this, need to upload some node.js code as well to provide example
